Kivilcim Association was established in February 2024 to help individuals in need, animals, nature and all living creatures affected by disasters; to provide in-kind and cash aid, animal care, environmental protection, community awareness raising and to work towards building a good individual and society and to contribute to a more sustainable, livable world.

## **THE STORY HIDDEN IN OUR COMPASS**

The compass in the logo of the Kivilcim Association symbolizes our association's mission to bring together philanthropists and those in need, like a guide that enables a sailor to reach the right harbor. The classical lines of the compass emphasize that this journey will continue continuously, independent of the limitations of time and space. The spark at the center of the compass symbolizes our association's commitment to the principles of compassion and solidarity, It represents the desire to touch the lives of every living being and the effort to spread the light of hope. These details in our logo guide our activities as a visual expression of the mission and vision of Kivilcim Association.

# MESSAGE FROM THE PRESIDENT

Dear Supporters, Business Partners and Volunteers,

2024 was a year in which we took our first steps as Kivilcım Association, shaped our goals and built a strong foundation. This year, we have worked to clarify the mission and vision of our association, lay the foundation for our future projects and create a wide network of cooperation.

The productive meetings we held with local governments, public institutions and non-governmental organizations showed us once again what an important role Kivilcım Association can play in creating social benefit.

As Kivilcım Association, we aim to be the initiator of change with the understanding of “A spark for everything”; we aim to participate in the good initiatives that have already been started, to grow them and to be a source of inspiration and guidance for these valuable works that we grow. In this process, we took care to emphasize how important it is to be a small but effective spark in society. Every great change starts with a spark. We aim to spread this spark in our society through our work focused on hope, solidarity and change. The year 2024 is an important milestone as the first step on this journey.

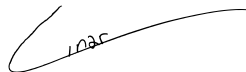

In the future, we aim to reach a wider audience with the projects we will realize, to produce sustainable solutions together with our stakeholders and to be a spark for all segments of society.

We would like to thank all our supporters, business partners and volunteers who stood by us in 2024, the founding year of Kivilcım Association, believed in us and made this dream possible with their support. We look forward to seeing the impact we will create together in the years to come.

Yours sincerely,

**Okan ÇİNAR**

**Chairman of the Board**

# MESSAGE FROM THE GENERAL MANAGER

Dear Stakeholders,

The year 2024 was a year in which the Kivilcim Association laid its foundations and we took a big step towards the future in line with our mission and vision. Believing in the power of a spark to illuminate the darkness and be the beginning of change, we have carried out important work on this path.

Throughout this year, we have focused on projects that will shape the future of our association. Comprehensive planning and cooperation negotiations, both on the ground and at the table, have created an important basis for a more robust structure for Kivilcim Association.

Our meetings with local governments, public institutions and civil society organizations have enabled us to lay the foundation for strategic partnerships that will increase the impact of our future projects.

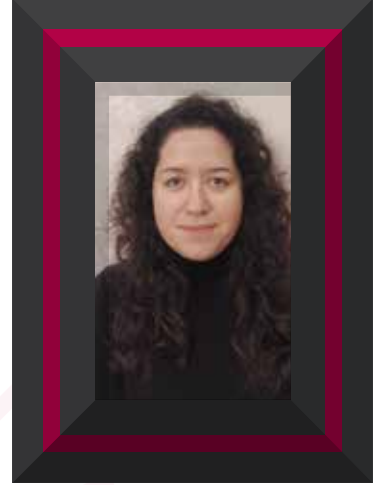

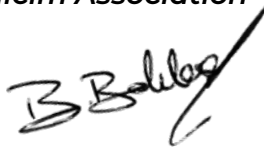

The year 2024 was a year of consolidating the basic building blocks of our association and building its organizational structure. In this process, we worked hard to spread our association's belief that "a spark can lead to great changes".

We believe that we will be stronger together. We would like to thank all our volunteers and stakeholders who trusted us and sparked us with their ideas and support. In 2025, we are excited to realize projects together that will be a spark for everything.

Yours sincerely,

**Bengi BALIBAŐA**

**Full Board Member and General Manager of
